

## Bota Residence Addition #2

**Description:** Addition above Garage, 800 SF

**Location:** Portage Lake, Pinckney, Michigan

**Cost:** \$100,000

**Completed:** 1998

## Bota Residence Addition #2

The Owner wished to add a New Guest Suite Addition above the existing 2 car garage for their now grown adult children and their children to stay while they visited. The New Addition housed a new Master Bedroom / Balcony, Bedroom with Bunk Beds, full Bath, Day Room / Lakeside Deck and a Kitchenette.

To accomplish this, the front entry door was pushed out to allow for access to a New Stairs that was added at the rear of the garage to access the New 2nd Floor Addition over the 2 car garage. The New Addition roof was rafter framed on a laminated wood beam to give it a vaulted ceiling throughout.

The New Addition received new double glazed low-E windows, new patio slider doors and new cedar wood siding to match the existing residence. The new exterior walls were framed in 2x6's with R-19 insulation, the new roof was framed with 2x12's with R-30 insulation.
